

GRIEF SHARE[®]

Grief recovery support groups

This program features biblical centered teaching that focuses on grief topics associated with the death of a loved one. The DVD seminar features nationally respected grief experts and real-life stories of people, followed by a small group discussion. Many grieving people find they are only beginning the work of healing when friends or family have returned to their daily life routines. Your bereavement experience may be recent or not so recent.

This is an opportunity be with people who understand what you are feeling. You will recognize symptoms of being stuck in grief and learn about facing a new normal in life and renewing your hope for the future.
